City Council

By-Laws Will Be Enacted in Re-
gard to Measuring of Wood and
Weight of Bread.

A brief meeting of the City Council
was held last Friday morning, Act-
ing-Mayor Sutherland taking the
chair.

The correspondence proved to be
of small importance and was quick-
ly disposed of, though a letter from
the Union of B. C. Municipalities
caused considerable discussion. This
letter advised that a meeting of the
Executive Committee would be held
in Kamloops, which brought up the
question amongst the Council as to
who should attend to represent Ke-
lowna. After some discussion, in
which finance proved the determining
factor, it was decided that the City
should only go to the expense of
sending the City Clerk, but that if
any of the aldermen afterwards de-
cided to attend they should be given
the necessary credentials but would
be expected to pay their own expen-
ses. A resolution was therefore pas-
sed that City Clerk G. H. Dunn
should be sent as delegate to the mu-
nicipal convention.

Another communication was from
the Kelowna Steam Laundry stating
that they would like to purchase some
of the street lamps which had just
been discarded owing to the new
street lighting system. His Wor-
ship, as Chairman of the Light Com-
mittee, explained to the Council that
while the City might be glad to sell
some of the lamps it would not be
wise to do so without first consider-
ing the City's own requirements. The
City was using this make of lamp in
various places, besides those used at
the Fire Hall, and could therefore
use them up in time, so that it would
not be wise to sell them off cheaply
as second-hand lamps when they
could be used economically by the
City.

Other letters dealt with the ship-
ment of the new machinery for the
Power House.

The question of how to convey to
the general public at a minimum cost,
the necessary information regarding
the qualifications of municipal voters
was again brought up. The Acting-
Mayor stated that he thought it was
best to have a few posters printed
containing the required information,
which could be placed in conspicuous
positions throughout the City, such as
the Court House, the Post Office, and
the Municipal Office. This met with
the approval of the remainder of the
Council and it was decided to have
the suggestion carried out.

Ald. Copeland informed the meet-
ing that the storm drain south of
Bernard Avenue would be finished by
the following day, Saturday. It was
decided that it would be necessary to
pass a by-law forcing the owners of
property adjoining the lane to con-
nect their premises up with the drain
and thus save flooding during the
coming winter weather.

The matter of a by-law covering
the measuring and piling of wood
was also discussed, and a decision
was reached that the City's solicitors
should also be instructed to draw up
such a by-law which could be put
into effect before the heavy sales of
wood commenced.

Several members of the Council
also expressed it as their opinion that
the City should have a by-law enforc-
ing the correct weight of a loaf of
bread. The opinion was general that
loaves were being sold which were
considerably under the legal weight,
and it was also decided that this mat-
ter should receive similar attention
from the Council.

The following accounts, having
been passed by the Finance Commit-
tee, were certified and approved for
payment:

Kelowna Golf Club

First Open Competition Held on
Thanksgiving Day.

The first open competition of the
Kelowna Golf Club was held on
Monday, Oct. 12th. In spite of the
inclement weather fourteen competi-
tors entered for the Bankhead Cup,
given for the lowest gross score for
two rounds of 9 holes each. The
winner was Mr. Lionel E. Taylor
with a score of 47 plus 46 equal 93.

Other scores handed in were as fol-
lows:

H. G. M. Wilson.....52 plus 46 equal 98
G. E. Seon, Jr.....52 plus 46 equal 98
F. A. Taylor.....50 plus 51 equal 101
C. Quinn.....60 plus 52 equal 112
E. M. Carruthers.....56 plus 56 equal 112
E. Murdoch.....57 plus 57 equal 114
G. Stirling.....58 plus 56 equal 114

Owing to the lateness of the start,
caused by the rain, it was found im-
possible to hold the handicap com-
petition as originally arranged but
this will be held later, when the Club
hopes to welcome many of the Ver-
non players who had intended to en-
ter for these competitions but were
prevented by the bad weather.

During the afternoon Mr. Wilson
was playing in great form and low-
ered the record for the course to 42,
his score being 547634445, total-
ling 42. Considering the short time the
course has been open, this low score
speaks well for the condition of the
fair-way and greens, and reflects
great credit on the green-keeper
Wilkie, who expects in due time to
bring the greens up to the high stan-
dard of his native home, St. And-
rews.

Kelowna is to be congratulated on
having such an excellent course, and
it is to be hoped that all lovers of
the "Royal and Ancient Game" will
lose no time in becoming members.
It may be pointed out that golf can
be played throughout the winter ex-
cept when snow is lying on the
ground, and that it is essentially a
game suited to the business man in
need of healthy relaxation and exer-
cise. In addition, the Club should be
a valuable asset to the town in at-
tracting and holding desirable residents
and visitors.

The Bankhead Orchard Company
intends to erect a club house and en-
gage the services of a professional as
soon as the membership warrants it.—Com.

WHEN PEACE COMES

Germany Must Suffer Humiliation
and Loss of Territory.

Kelowna, B.C., 12th Oct., 1914
The Editor,
Kelowna Courier,

Dear Sir,
Mr. W. B. Pease's letter to your
good paper on British sympathy for
the Germans when peace is declared
is a little premature although kind
hearted enough. They have not
asked for peace yet but in time, no
doubt, they will. But that time is not
yet, and for their agents and friends
to talk peace is mere deception. No
one, however, will be deceived unless
from sheer perversity he is ready to
be deceived.

It appears that there is an anti-
war party in our midst. One of the
objects of this party is to secure
when peace comes, that the defeated
nation shall not be humiliated, or her
frontiers artificially rearranged.

What a perverse foolishness! Do
these peace parties suppose that Ar-
maggedon, after all, is to end like
a Parliamentary debate?

No! The British people have pled-
ged themselves to defeat Germany,
come what may. And when that time
comes the German Government, who
made this war with the enthusiastic
approval of the German people, will
most assuredly suffer humiliation and
loss of territory.

Yours truly,
E. CAMPBELL MACINTYRE.

NOT ANY MORE!

They were gazing out of the win-
dow of the train. The thin man was
rapturously admiring the sunset.

"Ah, Nature is a real artist," ex-
claimed the thin man, addressing the
fat man who sat in the opposite seat.
"Have you never gazed at her won-
ders? Have you never watched the
lambent flames of dawn life leaping
across the dome of the world? Have
you never watched the red-stained
islets floating in lakes of fire? Have
you never felt the amazement of
these things?"

"Not since I swore off," replied the
fat man, as he prepared to hunt for
another seat.

Pruning Schools

Will Again Be Conducted by Pro-
vincial Department of
Agriculture.

Department of Agriculture,
Victoria, B. C., Oct. 8, 1914.

During the Spring of 1914, the Hor-
ticultural Branch of the Department
of Agriculture conducted Pruning
Schools, 25 in number, at a number
of points in the Province. As these
schools proved to be very helpful to
the fruit growers, the Department has
decided to offer them again.

The Department of Agriculture will
provide a competent instructor, and
pay his expenses. The local admin-
istration of the pruning schools will
be placed in the hands of a responsi-
ble local body, such as the Farmers'
Institute, the Fruit Growers' Associ-
ation, or the Board of Trade, who
will be responsible for the guarantee
of a minimum of eight pupils; (but
not more than twelve), with the pro-
per qualifications, at a fee of two dol-
lars each, to take ten lessons of three
hours a lesson, the school extending
over five days. Where the number
of pupils in a district justifies, two
pruning schools may be arranged for,
in which the minimum guarantee will
be sixteen pupils, and not over
twenty-four. The local organization
will also provide an orchard or or-
chards, where the instructor may hold
the pruning classes, and a hall or
room in which the lectures may be
held.

Besides the actual practice in the
orchard, of which the course will
consist chiefly, where the pupils will
prune trees under the supervision of
the instructor, there will be lectures
on the theory of pruning, which will
include talks on pruning as related to
the formation of fruit buds, and to
plant growth, also the subject of top-
grafting undesirable varieties will be
dealt with, along with many other
points of interest.

The pupils will provide their own
pruning tools, the necessary tools
being a pair of pruning shears, a saw,
and a pocket whetstone. A pruning
pole and a light ladder may also be
necessary for large trees.

The Department expects that the
instructor will be met on his arrival
by some responsible person, who can
provide him with all the necessary in-
formation, so as to get the school
under way without loss of time.

It hardly seems necessary to pre-
sent to you the important advantages
to be gained from a pruning school.
Pruning is one of the important op-
erations in the production of first-
class fruit, and one on which the or-
chardist cannot have too much in-
formation.

WM. E. SCOTT,
Deputy Minister.
R. M. WINSLOW,
Provincial Horticulturist.

THE PRICE

You drank to the day in your lordly
way,
Reckless of body or soul;
You rushed into fight, unheeding the
right,
Elated beyond control.

You saw but the lure of a conquest
sure
With glory and great renown,
But never a thought of the evil
wrought

As you crush the toiler down,
Did you count the cost to the one
who lost,

The price that the winners pay,
Of a nation drained, for a bauble
gained;

Of your manhood turned to clay?
You have thrown the gage and the
war's red rage

Has covered the world with woe;
For it takes rich toll of body and
soul,

And ravages friend and foe.
For the Earth is red with the blood
you've shed,

The cities are burned and wrecked,
And your path is traced by the
homes laid waste

In the land you should protect.
Do you hear the cries of the children
rise

When they miss their daily bread?
Can you give relief to the awful grief
Where the women mourn their
dead?

Do you feel the breath of the sweep-
ing death
That comes from the rotting slain?
For the plague's foul blast is hurrying
past

To scatter its deadly bane.

KELOWNA FRUIT EXHIBIT

Awarded Second Place at the In-
ternational Irrigation
Congress.

High hopes were entertained that
the splendid fruit exhibit taken for
Calgary by Mr. F. R. E. DeHart for
display at the International Irriga-
tion Congress last week would win
first prize, and it therefore comes as
somewhat of a disappointment to
learn that it was awarded second
place, the judges awarding first prize
to Penticon and third prize to Spo-
kane district.
The class under which the Kelowna
exhibit was entered was stated in the
prize list of the Congress simply as
"Best Display of Fruit," and it was
not stated whether the exhibit was
to be of the commercial type or of
the style usually shown at exhibi-
tions. Mr. DeHart interpreted "Best
Display of Fruit" in the accepted
sense, and accordingly gathered a
representative collection of plates of
fruit of many varieties, including 54
varieties of apples, 20 of pears, 14 of
plums, 8 of grapes, 2 of quinces, one
of nectarines and one of English soft-
shelled walnuts, a total of 100 plates.
As compared with this, Penticon had
a box exhibit solely, comprising 13
varieties of apples, 2 of pears, and 2
of grapes; a total of 17 varieties. The
exhibits should not have been placed
in competition with each other, as
they were entirely different in type.
A similar fate befell the Kelowna
vegetable exhibit, which was given
third place, the awards being: 2nd,
Alberta Lands Co., 20 varieties; 2nd,
C. P. R., 27 varieties; 3rd, Kelowna,
25 varieties; 4th, Revelstoke, 127 var-
ieties. It seems as though the more
varied the display the less chance an
exhibit had of satisfying the judges.
Mr. A. Edwards, to whom we are
indebted for the figures given above,
was a visitor to the Congress and he
states that to the average person it
seemed incredible that the Kelowna
fruit exhibit should have been placed
only second, considering its compre-
hensive nature and the splendid qual-
ity and appearance of the fruit. Both
the fruit and vegetable exhibits were
the objects of much attention, and
Messrs. DeHart and Burtch are de-
serving of much praise for the able
manner in which they displayed them.
The value of the prizes won was
for fruit, \$150, and for vegetables,
\$100.

EXHIBITION KIOSK AT SICAMOUS

("Enderby Press")

The Canadian Pacific Railway Com-
pany is exerting every possible effort
to bring the advantages of the Okan-
agan Valley to the fore and to en-
courage the producers of the Valley
to make the most of the opportuni-
ties that are theirs. Mr. R. L. Lowe,
deputy head of the commissary de-
partment in the western division,
stationed at Sicamous, is no small
factor in the big work that depart-
ment has undertaken in this connec-
tion. He has at last succeeded in
getting every shipping point in the
Valley connected by phone with Sica-
mous, and he now gets all the sup-
plies that meet the requirements of
his department from these Okanagan
points. Much more would be pur-
chased in the Okanagan by the C.
P. R. if the producers would put
themselves into position to ship at
regular intervals the amounts re-
quired, and if more attention were
paid to uniformity of quality. With
phone connection, the commissary
department at Sicamous is now in
position to give orders for daily de-
livery of such commodities as poultry
and poultry products, vegetables,
table delicacies, fresh fruits, etc., and
anyone who can supply these com-
modities up to the quality and quan-
tity requirements of the commissary
department can get the business—if
they deliver the goods.
In connection with this depart-
ment, Mr. Lowe has succeeded in
getting the sanction of the road of-
ficials on a project that means more
to the Okanagan than all the thou-
sands of dollars spent in other pub-
licity within the past few years. He
has got permission to erect at Sica-
mous, adjoining the station, a kiosk
that will be a credit to the road and
a great asset to the Valley.
Lumber was shipped from the Ok-
anagan Saw Mills the past week, and
work started on the building on Mon-

as it was learned the transports were
arriving, crowds hurried to all points
overlooking Plymouth Sound and
greeted the warping decks of the
ships with enthusiastic cheers, to
which the Canadians vigorously re-
sponded. The bands aboard played
lively tunes, and sounds of merril-
ment came across the water all day
as succeeding ships came to anchor.
The last of the transports arrived at
nine o'clock at night.

GENERAL CARRANZA PRESENTS RESIGNATION

WASHINGTON, Oct. 14.—The
resignation of General Carranza of
the chief executive power of Mexico

according to advices received, was
accepted. General Antonio Villareal,
president of the convention, Carranza
appointee as governor of the state of

Provisional President.

ALLIES' POSITION IMPROVES DAILY ON LEFT WING

LONDON, Oct. 14.—Telegraphing
from Calais, the Chronicle corre-
spondent states that the position on
the Allies' left wing, now the most
important section of the long battle
line, grows more satisfactory daily.
The fighting round Lille has been
productive of good results for the
Allies, the Germans having been
turned out of the semi-circle of posi-
tions which they held round Lille
and out of the corner of French ter-
ritory which juts into Belgium. The
Germans have been pushed back as
far as Courtrai in Belgium, 26 miles
south-west of Ghent, and are now
entrenching.

It will be a structure 16x16 feet,
with 24 feet of display window,
and ample space for all that is necessary
from each shipping point in the Val-
ley. Only Okanagan exhibits will be
admitted in the kiosk, and the com-
missary department, under Mr. Lowe,
will take care of all times in con-
dition for travellers to visit. It is in-
tended to keep a supply of reliable
publicity matter from the various
points constantly on hand to give to
anyone interested.
The Enderby Board of Trade and
a few of the citizens have contrib-
uted to the kiosk the sum required
for this point, and it is to be
hoped that we may be able to keep
displayed in the kiosk something
that will be a credit to the district
and an inducement to seekers for
land for home purposes and for
agriculture to come this way.

SERVICE TO COAST EARLY NEXT SPRING

Kettle Valley Railway Will Likely
Be Ready for Traffic Via Mer-
ritt by That Time.

Direct train service between the
West Kootenay, the Okanagan, the
Similkameen and Vancouver, via
Merritt, over the lines of the Koot-
enay Central Railway and the Ok-
anagan Pacific Railway, will likely be
instituted, it is said, early next sum-
mer. Advices from the head office
of the K. V. state that construction
will be advanced this autumn to a
stage where about sixty days work
line ready for traffic.

The Kettle Valley has been linked
from Midway to Penticon and
another forty miles has been laid
west to Osoy Lake. Grading has
been nearly completed from Osoy
Lake to Princeton, where the line
will join the V. & E. and run over
its tracks to Otter Summit. The con-
necting section of the joint route be-
tween Penticon and Otter Summit is
expected to be completed this aut-
umn, or early next spring, either
earlier or at the same time as the
Kettle Valley.

Military censorship is now estab-
lished on Vancouver Island. No mes-
sages in code or foreign language are
permitted to be exchanged with is-
land points except to or from banks.
Halifax-Bermuda cable advises that
business for Porto Rico can be ac-
cepted in code subject to censorship
the same as via other routes. The
deferred rate service is now restored
to France, Switzerland and Italy.

JAPANESE OCCUPATION OF TSINAN

PEKIN, Oct. 14.—Japan intimates
that she finds it necessary to occupy
the Tientsin Railway works at Tsin-
an. This step is regarded by the
Chinese as a prelude making a pre-
text for occupation of the northern
section of the railway. The govern-
ment's reply to a recent interpella-
tion on the subject will be made on
Friday.

TYPHUS FEVER IN GERMAN LINES

LONDON, Oct. 14.—Typhus fever
has broken out in the German lines,
particularly north of Soissons, says
a dispatch from Paris to the Ex-
change Telegraph. The French are
taking the utmost precautions to pre-
vent the disease from spreading to
their ranks, and the troops already
have been vaccinated twice.

OSTEND'S FATE IS IN THE BALANCE

OSTEND, Oct. 14.—Ostend's fate
hangs in the balance. The Belgian
government has withdrawn, and King
Albert and the military headquarters
left on Tuesday. Sixty thousand
panic-stricken people await the ac-
tion of the Germans, who are known
to have a strong force within twenty
miles of the city. The inhabitants
are fleeing as fast as ships can be
provided to carry them to England.

BRITISH & GERMAN CRUISERS FIGHT OFF CHILI COAST

BUENOS AYRES, Oct. 14.—A cable
dispatch from Valparaiso says that
a naval battle occurred yester-
day between British and German
cruisers off Coquimbo, Chili. The
names of the ships are unknown and
no details of the fight are given.
Since the Dresden and Karlsruhe
departed for the south from the
North Atlantic it has been reported
that they have been joined by the
Strassburg and two other cruisers.
Since the beginning of September a
line consisting of twenty-four Brit-
ish and eight French cruisers has
been gradually working south to in-
tercept them.

GERMAN STEAMERS SEI- ZED IN BLACK SEA

LONDON, Oct. 14.—Athens news-
papers assert that the Russian fleet
in the Black Sea has seized two Ger-
man steamers loaded with cereals,
bound for Galatz from Kustendje,
Rumania.

BRITISH TROOPS GAIN SOME GROUND

LONDON, Oct. 14.—The Official
Press Bureau has issued the follow-
ing: "The British troops have been
engaged with the enemy towards the
left of the Allied line, with the result
that the Germans have been pressed
back slightly on the flank. The na-
ture of the country in which the
fighting is conducted, being a mining
centre, makes rapid progress diffi-
cult."

How To PronounceA Few of the Different Names Ap-
pearing in the War Dispatches.

Several readers have written to the
New York Sun requesting the publi-
cation of a key to the pronunciation
of some of the places mentioned fre-
quently in the war dispatches. In the
following list an attempt is made to
give as nearly as possible the English
equivalents of many of the names.

It should be borne in mind, how-
ever, that it is impossible to indicate
exactly the sounds employed in pro-
nouncing the originals. For instance,
the reader should not place too great
stress on the nasal sounds suggested
in some of the names.

The French and Belgian names in
the list as a rule are accented equally
on all syllables. To the American ear
this will at first sound as though the
last syllable were accented. Many of
the Austrian names, on the other
hand, are accented on the first syl-
lable.

Below will be noticed words mark-
ed "nasal." To get the correct
sound, for instance, in the French
word mon (my) it is pronounced as
though spelled mawn, the n, how-
ever, not being sounded, the word
dying away with a nasal twang. It
is as though the end of the word
tried to get through the nose but was
choked off and stopped there.

Repents His IngratitudeConfession of An American Farmer
Who Got His Start Through
Credit from Local Merchants

(Reprinted from "Farm Journal.")
Editor, Farm Journal: We farmers need awakening to the fact that we have unmistakably reached the period where we must think and plan. I am one of the slow German farmers that had to be shown, and I am now giving my experience that others may profit, for knowledge at the school of experience is more expensive now than ten years ago.

Twenty-nine years ago I began my farm career. I had an old team and fifty dollars. Our furniture was mostly home-made—chairs, cupboard and lounge made from drygoods boxes, neatly covered with ten-cent crotonne by my girl wife. We rented eighty acres. Being a boy of good habits, I got all needed machinery and groceries of our home merchants on credit, until fall crops were sold. The first year was a wet season, and I didn't make enough to pay my creditors. I went to each on date of promise and explained conditions, paying as much to each as possible, and they all carried the balance over another year. They continued to accommodate me until I was able to buy a forty-acre piece of my own.

As soon as I owned these few acres the mail-order houses began, sending me catalogues and gradually I began sending my loose change to them, letting my accounts stand in my home town, where I had gotten my accommodation when I needed it.

We then had one of the thriftiest little villages in the state—good line of business in all branches, merchants who were willing to help an honest fellow over a bad year, and a town full of people who came twice a week to trade and visit. Our little country town supported a library, high school, band, ball team, and we had big celebrations every year. A farm near a live town soon doubles in value. I sold my forty acres at a big advance and bought an eighty, gradually adding to it until I had two hundred acres of the best land. I then felt no need of asking favours, and found it easy to patronize mail order agents that came along weekly to the door. I regret to say that I was the first in the country to make up a neighbourly bill and send it to a mail order house. Though we got bit every once in a while, we got in the habit of sending away for our stuff. Gradually our merchants lessened their stock of goods—for lack of patronage. Finally we began to realize that when we needed a bolt quickly for machinery, or clothing for sickness or death, we had to wait and send away for it, which wasn't so pleasant. One by one our merchants moved to places where they were appreciated, and men of less energy moved in. Gradually our town has gone down; our business houses are "tacky" in appearance, a number are empty, our schools, churches and walks are going down, we have no band, no library nor ball team. There is no business done in the town, and therefore no taxes to keep things up. Hotel is closed, for lack of travel. Go down to the depot when the freight pulls in and you will see the sequel in mail order packages.

Nine years ago my farm was worth one hundred and ninety-five dollars per acre; today I'd have a hard matter to sell it at one hundred and sixty-seven dollars an acre. It is "too far from a live town"—so every farmer has said that wants to buy. He buys a place near schools and churches, where his children can have advantages. I have awakened to the fact that in helping to pull the town down, it has cost me \$5,600 in nine years. Like the majority of farmers, I didn't figure far enough ahead.

This sort of business means the doing away with country towns. What will it mean to farmers to have only a few large cities at a distance of five hundred to a thousand miles? What are we going to do with our children who are demanding even better advantages than we had? Those cities we help to build return no favours; they take our money but offer no credit in time of need. If we want high schools, etc., we must raise the money and build near our farm homes, or send our boys and girls to the cities at great expense, amidst temptations of which the farm has no equal. Neither am I the only awakening farmer. These mail order agents that come to our homes every week are becoming a nuisance and making it unsafe to leave women and children alone on the farm. With farm cordiality we take these strangers into our homes, often as one of the family, and we are sometimes paid in having them entice our girls to the city.

These are some facts that need consideration, and I have decided that the safest proposition all around is for the country people to look after their own interests, and build up their own country towns that bring value to their farms. Let those who want to patronize the city mail order houses go there to live, getting their living where they give their patronage. The remainder of my life will be given to building up the home town that I helped to pull down. Brother farmers, you can take my advice or get your knowledge the way I got mine.

Motion Picture ClassicsSplendid Series of Special Feature
Pictures at the Opera House
Every Thursday.

The management of the Opera House announces a series of feature pictures under the name of "George Kleine Attractions" to be shown at the Opera House every Thursday, beginning to-night with a classic photo drama entitled "Spartacus, or the Revolt of the Gladiators". This is a massive production made in Rome and Turin, Italy, with a cast of over 7,500 people. This will be followed by "The Lion of Venice", "European Armies in Action", "Savage and Tiger" and "The Last Days of Pompeii".

The pictures at the Opera House have always been up to a very high standard, but these productions are positively the last word in motion picture art. All over America the name of George Kleine as sponsor for any moving picture production is recognized as being synonymous with "the best there is".

Of course it will not be possible to present these big features at the same prices as charged for regular shows. These features have been shown everywhere at prices ranging from twenty-five cents to one dollar—and the management believes there are many lovers of good photo plays in Kelowna who would gladly pay these prices. But Mr. Duncan has been exceptionally fortunate in his booking arrangements and he is able to announce an admission price of only twenty-five cents, and has also decided on account of the great educational interest of these pictures to admit children at the usual admission price of ten cents.

An Imp of Mischief

Is the manner in which one of our eminent eye specialists describes astigmatism, or unusual sight—so common among defective eyes of this day. This word stigmatism is derived from the latin one "stygus," which means without a point. Most truly does it apply to this condition, for despite the strenuous endeavors of strong muscles and responsive nerves it is impossible to entirely overcome the defect without the aid of specially ground lenses. We exercise great care in the preparation and application of astigmatic lenses.

THE KELOWNA COURIER
Commercial Printers**The Turn of the Tides**

"There is a tide in the affairs of men, which, taken at the flood, leads on to Fortune."

Many Canadian business men are eagerly looking forward to the "turn in the tide" in Canadian trade. Some of them are saying: "Just wait until this war is over—the country will prosper, business will boom, and we will then start advertising on a large scale to get our share of it."

There is a wiser type of man; the man who is acting instead of talking—laying his plans now, so as to have his "boat of business" headed upstream when the tide turns; advertising now, because he knows that to delay until the war is over is to add a hundred-fold to the opposition his plea for "a share of the big business" must encounter.

Public opinion is not to be won "over-night." When the Canadian public lets loose its cash, the merchants and firms to whom the golden stream will most freely flow, are those who are busy now creating good will for themselves and their goods.

To take the tide of business at its flood requires, not days, not weeks, but months, of preparation. Prepare now—advertise now—if you would later prosper.

Interesting Items of Okanagan News**Gathered From Our Contemporaries Throughout the Valley****Enderby Press, Oct. 8:**

Nos. 1 and 2 Sections of the Enderby Volunteer Reserves will hold their first rifle competition tomorrow (Oct. 9), at the range in the Armoury.

The little hamlet of Grindrod raised \$22 nett at a dance held on Friday evening in aid of the Red Cross fund. Every part of Canada, no matter how far from the main centres of population, is nobly responding to the call for aid to the cause of alleviation of suffering in the great war in which the Empire is engaged.

W. A. Cowell, Dominion Land Agent, accompanied by Engineer Dann, of the Dominion Hydrographic Service, visited Enderby a few days ago in connection with an application from the City that has been before the department for two or three years, asking the government to reserve a portion of the watershed protecting the city's water supply at the intake. Acting Mayor Murphy and Mr. Mack, chairman of the Waterworks Committee, visited the section with Mr. Cowell and Mr. Dann, and the matter will be dealt with by the department in due time.

The ladies of the Enderby branch of the Okanagan Ambulance League realized \$50 from a whist drive in aid of the Red Cross Fund.

At their last meeting the City Council took under consideration the question of providing work for the unemployed, and it was decided to ascertain if the Bank of Montreal was still willing to advance the city \$3,000 for carrying out the improvement of a certain street, which it had agreed to do earlier in the year.

Armstrong Advertiser, Oct. 8:

The Provincial Water Commission held sittings at Armstrong on Thursday, Friday and Saturday of last week. There was a large attendance of claimants, and many cases were dealt with.

A number of exhibitors at the Armstrong Fall Fair donated their exhibits to the Canadian Patriotic Fund, and the articles were sold by auction, realizing the sum of \$90. In addition, several ladies made a collection for the Red Cross Society, obtaining \$57.95. Considerably over \$100 was realized by the Patriotic Concert held last week, so that Armstrong is making a very good showing in the cause of patriotism.

The Fall Fair was held on Tuesday and Wednesday in fine weather, and proved a great success both in number of exhibits and in attendance. Hon. Price Ellison performed the opening ceremony.

Vernon News, Oct. 8:

Potato shipments will be extra heavy this week from the Vernon station, and will probably beat all previous records. Scores of teams are daily hauling in the spuds from the Coldstream and Lavington districts, and the scene around the shipping sheds is a busy one these days. The price ranges about \$20 per ton, f.o.b. Vernon, and shipments are going out steadily both to the east and west. The average crop is not a heavy one this year, 9 tons per acre being considered a good yield.

Well known Vernon amateurs will stage Gillette's four act comedy, "All the Comforts of Home," about the end of the month, for the benefit of the Canadian Patriotic Fund.

Summerland Review, Oct. 9:

Matt G. Wilson, of Paradise ranch, (well known in Kelowna), was in town this week for medical care, having dislocated his shoulder through being thrown from his horse owing to the saddle turning round.

Summerland is taking up basketball with enthusiasm, and there is a prospect of a league being formed, with teams representing Summerland, Okanagan College, West Summerland and Naramata, as members.

With unabated enthusiasm the drilling of civilians is being carried on in both sections. The West Summerland contingent is maintaining its numbers, and equipped with dummy rifles is now being given musketry drill. Last Saturday they took a march out along the Giant's Head road. The town squad numbered forty at the last drill, and is now taking up section work. These men are also to be equipped with dummy rifles made from lumber donated by Wm. Ritchie, and cut out by the use of a band-saw allowed by B. L. Hatfield.

Almost perennial it seems that an agitation to obtain a liquor licence in one form or another has become in Summerland. For the past week or ten days a petition seeking this privilege for the Felix Hotel has been in active circulation, and equally active have been the temperance workers in soliciting signatures for their

counter petition. An increase in population does not seem to have wrought any great change in Summerland's public sentiment from its one-time adamant no-licence attitude. If the people were given an opportunity to declare by ballot on the question, it might be settled decisively enough to be made a dead issue for at least a few years.

Penticton Herald, Oct. 10:

The first train to cover the 135 miles of steel from Midway west to Penticton came in on Tuesday night. It consisted of an engine and three ballast cars. The engine, which had been at Midway on service between that point and Nelson, was needed here for work train purposes and instructions were issued to the railway officials at the boundary town to make up a train and bring the engine through. There were many citizens down at the roundhouse here when the "first train" arrived after a good run along the new railway line.

Representations are to be made to President J. J. Warren of the Kettle Valley Railway Co. by committees from the Penticton Board of Trade and Penticton Municipal Council urging him to endeavour to arrange a tri-weekly service during the winter on the line from Midway to Penticton in connection with the tri-weekly service now being given from Nelson to Midway.

The fruit shipments from the Penticton Fruit Union for the present season will probably total 45 cars, according to rough calculations made at the offices of the Union this week. Total fruit shipments from the district will go considerably above that figure, however, when the amount sent out privately, in express packages, is considered as well as the shipments of the Co-operative Fruit Growers, Ltd., which will probably total about 20 cars.

With a record of 27,000 cases of fruit packed during the season, the Western Cannery Ltd. finished its year's work at its Penticton plant this week. Practically the last canning of any consequence was concluded on Tuesday. Manager Groom recently announced that the entire pack had been sold at satisfactory prices. Last year's pack was in the neighbourhood of 10,000 cases, so it can be seen that a marked increase in output has been achieved. This year the cannery handled about 700 tons of fruit, including peaches, apricots and plums.

Roller skating will be popular in Penticton during the coming fall and winter months, for Messrs. C. Greer and J. Markle are now erecting a commodious roller rink, 60 ft. by 100 ft. on Nanaimo Avenue, about two blocks west of Main Street. Mr. Greer stated today that he hoped to have the rink ready by the first of next month.

"MY AUTO, 'TIS OF THEE"**A Soliloquy.**

My auto, 'tis of thee, short cut to poverty—of thee, I chant. I blew a pile of dough on you two years ago, and now you quite refuse to go, or won't, or can't. Through town and countryside, you were my joy and pride; in happy days, I loved thy gaudy hue, thy nice white tires so new, but now you're down and out for true in every way. To thee, old rattle box, came many humps and knocks; for thee I grieve. Badly thy top is torn, the whooping cough effects thy horn, I do believe. Thy perfume swells the breeze, while good folks choke and wheeze, as we pass by, I paid a price 'twould buy a mansion twice, now everybody's yelling "ice"—I wonder why? The motor has the gripper, thy spark plug has the pip and woe is thine, I too, have suffered chills, ague and kindred ills, endeavouring to pay my bills since thou wert mine. Gone is my bank roll now. No more 'twould choke a cow, as once before. Yet if I had the mon, so help me John—amen, I'd buy myself a car again and speed some more.

"ROD AND GUN" FOR OCTOBER

Although the opening article in the October number of the "Rod and Gun in Canada" magazine published by W. J. Taylor, Ltd., Woodstock, Ont., is descriptive of a notable Canadian Canoe Race in which canoe men racing on the Lievre and Ottawa Rivers covered over two hundred miles in sixty hours, the table of contents shows a predominance of big game hunting stories. "How 1913 Turned Out Lucky for One Bull Moose" is the story of a moose hunt in Quebec Wilds; "An Unusual Hunting Trip" describes an American sportsman's outing after moose in New Brunswick forests; while "Moose Hunting in the Riding Mountains of Manitoba" tells of a winter hunt in that province. "Trapped" is an amusing story of how a Western sportsman outwitted the R. N. W. M. P. representative. Other stories and the regular departments make up an interesting big game issue for Canadian sportsmen.

Local and Personal News

BORN.—On the 13th instant to the wife of Mr. A. L. McNaughton, a son.

Miss Glugh was a passenger to Vernon this morning.

Miss Morley left this morning for Sacramento.

Mr. R. H. Stone left for England on Saturday.

Mr. J. Downton, of Summerland, returned home on Monday after a visit here.

Capt. and Mrs. G. H. Brush left on Saturday for a visit to Halcyon Hot Springs.

Mrs. F. Bawtinheimer went to Pentiction on Saturday, to spend the week-end.

Mrs. M. Hay left for Calgary on Tuesday, after spending a visit with Mr. and Mrs. F. R. E. DeHart.

The venerable Archdeacon Beer will assist at all services on Sunday next, the 18th instant, at St. Michael's & All Angels.

Mr. A. E. Monsigny left on Saturday for Montreal en route to rejoin the French army, of which he is a reservist. He was accompanied by his wife and children.

Rev. Mr. Vance, of Vernon, occupied the pulpit of the Kelowna Methodist Church on Sunday, exchanging for the day with the pastor, Rev. J. C. Switzer.

The McKenzie Co., Ltd., have second-crop strawberries on sale. The berries are fairly large and well-coloured. Such crops are not freckles in this district, but are produced more often than not.

The Rev. J. C. Switzer, the Pastor, will conduct both services in the Methodist Church on Sunday, speaking in the morning on "Is Methodism Dying Out?" and in the evening on "The Bar-room as a National Menace."

The Hard Times Club (a neighbourhood affair) were entertained at the home of Mr. and Mrs. W. Lloyd-Jones on Tuesday evening. This was the first of a series of parties to be given this winter. Cards and dancing were indulged in, and the evening was thoroughly enjoyed by the members and their friends.

Messrs. C. C. Prowse and G. L. Allan went to Vernon on Monday to attend the Assizes, to which they had been summoned as jurymen, but found on arrival there that the sitting had been postponed to the 19th. Notice of postponement seemed to have been sent them but failed to reach them in time.

Mr. and Mrs. C. G. Griffin went to Pentiction on Saturday and will proceed thence to Vancouver. Grant Smith & Co., of whose local staff Mr. Griffin was a member, have finished their contract on the Kettle Valley Railway and have closed their office here. Messrs. T. M. Simons and K. C. Griffin, the other members of the clerical staff, left for Spokane on Monday.

Hon. Price Ellison was a passenger by the "Sicamous" on Monday. He brought with him Major Richard W. Young, of Salt Lake City, a grandson of the famous President Brigham Young, of the Mormon Church, to have a look at the Kelowna district. Major Young had been in attendance at the International Investigation Congress at Calgary last week, of which he was President. Coming from the south, he must have formed curious impressions of Canada's dry belt, as he met a 19-inch snowfall in Calgary and heavy rain in the Okanagan.

People have been wondering why some of the lamps in the new street lighting system have been permitted to burn during the day time with apparent waste of "juice," when the avowed object of the Council in installing the system was to promote economy. It turns out that the lights have been kept going in the day time during a period of testing in an effort to discover a serious leakage of current from one of the lighting circuits, but so far the cause of the leakage has not been ascertained, and it may be necessary to call in the services of Messrs. Mather, Yutill & Co., the City's consulting engineers.

"THE LION OF VENICE"

The next George Kleine attraction will be "The Lion of Venice," to be shown at the Opera House next Thursday. It is another colossal production. Large, not in the sense of footage or ensemble, but big in conception, big in execution, big in the small things that make a great picture.

"The Lion of Venice" was made in Venice, Italy, under George Kleine's personal direction. Before an actor donned his paint or a camera clicked, a contract was drawn up by the City of Venice "That the scenario must be undersigned by an eminent artist who will warrant the artistic value and an eminent writer of Venetian history to warrant its truthfulness and the seriousness of the film." A splendid contract that, and one which protects picture patrons in Kelowna quite as much as the City of Venice.

Aside from a story delightful in its quaint glimpses of fifteenth century life, "The Lion of Venice" will take rank as an educational subject of rare value. The historic museums of Venice gave their best and most precious treasures to the making of "The Lion of Venice." The shrewdest antiquarian can find no flaw in its wonderful illusion. A Venetian captain, accused of betraying his nation to the Turks—an engaging love tale—a thrilling sea battle—these are the essentials of the story of "The Lion of Venice."

By a very fortunate booking arrangement the Opera House management is able to announce the low admission price of twenty-five cents for this special attraction.

Mr. L. Richmond was a passenger to Vancouver on Tuesday.

Mr. J. S. Uridge, of Okanagan Mission, left on Friday for England.

Mr. George Dickson has arrived in town from Calgary, where he has been for some time.

The Benevolent Society will meet next Monday afternoon in the old English Church building, at 3 o'clock in the afternoon.—Com.

Miss Collett returned on Saturday from a stay in England of about a year's duration. She was accompanied by her sister.

Mrs. A. Milton Wilson, of Vernon, spent Thanksgiving Day with her relatives here, returning north on Tuesday.

Mr. and Mrs. Wagenhauser, of Pentiction, were Sunday visitors in town, returning home the following day.

Mrs. T. Lawson arrived on Monday from Victoria to spend a visit here, and was warmly welcomed by her many friends.

After an unusually wet September and some rainy days in October, such beautiful weather as that of yesterday still holds out hope of the long-deferred Indian summer which is ordinarily such an attractive feature of the Okanagan climate.

Rifleman A. H. Casorso, of "E" Company, 102nd Regiment, returned home on Tuesday from bridge guarding duty on the C. P. R., having been granted indeterminate leave of absence. His post was at the big C. P. R. bridge at Revelstoke.

Nine German and Austrian subjects are now under police surveillance in Kelowna, having to report to Chief Thomson once a month. Five of them are reservists, but none of them evince any burning anxiety to rejoin the army of their native land, and Kelowna looks pretty good to them as a place of residence at present.

Messrs. W. F. Muirhead & Co., successors to Tait & Co., are meeting with good success in their shoe sale, and they state that the people of Kelowna evidently appreciate the opportunity to get good shoes at bargain prices. Incidentally, they express themselves as satisfied with the results of their advertising in the "Courier." Moral: In good times, advertise; in war times, advertise more.

Unity Lodge of the I. O. G. T. held a highly successful banquet on Tuesday night in their lodge-room in the old Public School building on Richter Street. Nearly 125 persons sat down to a delectable repast, which included chicken amongst the items on the bill of fare, and under the genial chairmanship of Rev. J. C. Switzer, a pleasing programme of songs, speeches and toasts was rendered.

A dead cock pheasant was found in the Parkdale locality on Tuesday by Miss McGarrity. On examination, the bird was found to have been shot by a .22 cal. bullet, and probably flew some distance after being shot, as traces of its death struggles were evident on the ground, and had it dropped at once, it would undoubtedly have been picked up by the "sportsman" who shot it. Thanks chiefly to Mr. D. W. Crowley, backed up by the City Council, a strong effort has been made during the past few years to encourage these fine birds to multiply in the district, but if greedy pot-hunters throw all sportsmanship to the winds, as is evident in the case now referred to, all the care expended in the protection and winter feeding of the pheasants will soon count for naught. It may be a deterrent to further slaughter to emphasize the fact that a maximum penalty of \$100 can be inflicted on any person convicted of killing pheasants in this district, as the close season for these birds extends all the year round.

MARRIAGE

Kirk—Winter

A quiet and pretty wedding took place on Wednesday afternoon at the Methodist Church when Mr. John Kirk was united in matrimony to Miss Jane Ellen Winter. The service was performed by the Rev. J. C. Switzer. The bride was supported by Mrs. Thomas Barrett while Mr. Barrett acted as best man. Both Mr. and Mrs. Kirk are well known in Kelowna, having resided here for some time, and quite a number of friends attended the Church to witness the ceremony. The happy couple have taken up their residence on Sutherland Avenue.

Market Report No. 25

By the B. C. Market Commissioner
—Lettergram Correspondence.

(Fruit growers may receive weekly reports of the Market Commissioner regularly every Monday by becoming members of the B. C. Fruit Growers Association. Annual fee, \$1. Apply to R. M. Winslow, Secretary B. C. F. G. A., Dept. of Agriculture, Victoria, B. C.)

CARSTAIRS, Alta., Oct. 7.—This town reports having used an almost normal quantity of the preserving fruits, practically all from B. C. Peaches were bought from the wholesaler, mainly, at 85c, but some as low as 75c, retailing at \$1.15. Prunes were bought mainly at 75c, but some as low as 65c, and were sold, retail, at 75c to \$1. The low prices to the consumer were due, principally, to competition inspired by ill-feeling among the local retailers. Pond's and Lombard's now selling retail, \$1.10. No. 2 Special apples, bought at \$1.25, wh., retailing \$1.75. Cox's Orange Pippin, No. 1, wh., \$1.45, ret. \$1.75. No American winter apples have been offered for sale at this point, but three Calgary houses have quoted cars of B. C.'s, at \$1.35 to \$1.40. A car containing 125 crates, the rest being No. 1's, has also been quoted at \$1.35. The local branch of the U.F.A., after considering an offer of a car of B.C. apples at \$1.35 laid down, rejected the offer in favour of a car of Ontario barrels at a laid down price of \$4.29. Retailers now paying 75c a bush. for local potatoes.

AIRDRIE, Alta., Oct. 7.—Scarcely any but B.C. fruit used at this point this year. Prunes were bought generally at 75c and sold at \$1, and peaches at 85c and sold at \$1.15 to \$1.25. Complaint was made of the short supply of peaches, this being borne out by the fact that Yakima Solways bought at \$1 to \$1.25 are now being sold retail at \$1.35. B.C. apples, Wealthy and McIntosh, bought at \$1.65, are now selling at \$2. One retailer here had a most satisfactory year's experience in direct shipping to a B.C. grower, the transaction, also, involving the novel feature that payment for the fruit was largely made in butter, in such quantity, that the B.C. man, (a former Airdrie resident) must presumably have ordered it in order to sell. Apricots, cherries, and peaches were the fruits handled, and the retailer was enthusiastic over the result of the experiment. The peaches, especially, he claimed had been admired by all for superior quality and flavour. No single retailer here can handle a car of winter apples, and their nearness to Calgary, (21 miles) makes them feel like pursuing a hand to mouth buying policy. They are very strongly against the barrel apple. They complain that the Calgary Public Market has seriously affected their fruit business, as their customers run into the city, and take full advantage of low prices with which they are unable to compete.

The Dominion Fruit Commissioner reports as follows, Oct. 3: **GLASGOW.**—Sale today of 9,746 bbls. and 6,162 boxes apples from U.S. realized: Virginia Yorks, 15s to 20s; bulk, 17s to 18s; Kings and Wealthys 16s to 22s; others, 13s to 16s. **LONDON.**—N. S. Gravensteins, 12s to 17s, No. 1's and No. 2's; 7s to 10s, No. 3; Ribstons, 12s to 15s. Slow demand. Immediate prospect not bright. Heavy American supplies now due. **LIVERPOOL.**—Canadian apples arriving faulty, 9s to 20s. Good market for good stuff. 16,000 bbls. N.S. apples, good quality, but poorly coloured, 11s to 16s for No. 1's; boxed Wealthys, 7s to 9s. **LAKE ONTARIO DISTRICT.**—No. 1 and 2 apples being shipped, chiefly on consignment. Very little waste so far. Evaporators taking about 50% of fall apples. Some sales at \$2 to \$2.40 F.O.B. No apples being stored so far. **WESTERN ONTARIO.**—Shipping out 80% No. 1's, no No. 3's. 50% of evaporators running half time. Boxed apples, 75c to 90c and barrels \$1.75 to \$2.50 F.O.B. **GEORGIAN BAY.**—Shipping Snows, Ribstons, Blenheim's, Greenings, Kings and Pippins to west. Few cars exported to Glasgow and London. A few sales reported at 50c on the trees. Growers so far find a fair demand for all fruit ready for shipment. The commissioner strongly advises the packing and shipping of No. 1 quality of the best varieties only.

Lettergram Correspondence, Oct. 9: **MACLEOD.**—Cars of apples still arriving from B.C. No. 1's, including McIntosh Red, \$1.40; No. 2, \$1.25 to retailer here. Spokane peaches and prunes and B.C. plums over. Spokane Keifer pears, \$2.25, here. Ontario pears, 11 qts., 90c here. New Brunswick potatoes, laid down, \$30 to retailer here.

WINNIPEG.—Barrel apples, wh., Greenings, \$2.75. No. 1; Eastern box apples, 90c to \$1.35; Snows, \$1.50; Snows, bbls., No. 1, \$4. No. 2, \$3.50; Gravensteins, bbls., \$3 to \$3.25; B.C. McIntosh, No. 1, \$1.50; crates, \$1.25. Market glutted with consigned barrels. Soft fruits about over. Bbls.

retailing as low as \$3.25; boxes, \$1.50. **EDMONTON.**—Heavy on apples, mostly B.C. Jonathans, Spies, Baldwins, Peewaukees, McIntosh, No. 1, \$1.40 to \$1.50, No. 2, \$1.25, No. 3, \$1. Few Washington peaches. Very few pears or crabs. Onions, wh., \$30 per ton. Market glutted. Fair demand for fruit.

WETASKIWIN.—Apples retailing here \$1.50 to \$1.60.

LETHBRIDGE.—Little change in prices from last week. Apples are wholesaling \$1.30 to \$1.60, mostly B. C.'s. As near as I can find out Ontario will not reach this point. C grade few, if any.

MEDICINE HAT.—Plums, prunes and peaches about over. Winter apples arriving freely, nearly all from B.C. Excellent colour. No apples from Ontario yet, but some are expected. Snows and Kings arrive today, to wholesale, at \$5.50. B.C. Wealthy and McIntosh, \$1.35. Pears scarce, \$2.50 to \$2.75. Crabs, \$1.75.

REGINA.—Nova Scotia Gravensteins selling, retail, \$4.75. Wenatchee shipping hail-pecked Romes, Splitz, fine stock, F.O.B. 60c. Fancy Jonathans at 70c. Okanagan apples moving slow on account of competition with Washington. B.C. crates, wh., \$1.35, orchard run, \$1.15, ret. \$1.50; No. 1 McIntosh, wh., \$1.50 to \$1.65. Spud market glutted with offerings. Wholesale offering New Brunswicks, 85c to 87½c a bus., Albertas, 85c, Dakotas same, Dakota shippers here after business. B.C. winter apples will have to sell here in competition with Americans, so better get price right before Washington gets market.

SASKATOON.—No Ontario apples on this market. Plenty of Nova Scotia Gravensteins, at from \$3 to \$3.25, wh. Ontario apples expected here next week. Prices will be low.

WINNIPEG.—Apple market badly demoralized. Greenings sold here this week 50c to \$1 a barrel. Colverts and other fall varieties selling \$2 to \$3 per barrel, Snows, \$3.75 to \$4.50. Very little demand for box apples. B.C.'s, \$1.25 to \$1.60. Ontarios, \$1 to \$1.25. A few peach box plums, 75c to 85c. Pears, Ontarios, 20c to 75c per basket. Western pears \$2.50 to \$3.25. Ontario grapes, 18c to 25c. Cal. Tokays, \$1.50 to \$2.25. B.C. onions, \$1.60 to \$2. Valencia onions, \$3.25 to \$3.75. Ontario winter apples will arrive this week. Looks as though market would be glutted on apples.

MOOSE JAW.—Market duller this week owing to weather conditions. The demand for western box apples falling off on account of the influx of Ontario barrels. Graingrowers seem to be lining up eastern apples, which naturally affects the jobbing output. Prices on B.C. and Washington apples ranging about the same as last week. Other commodities fairly good demand. Prices the same.

CALGARY, Oct. 10.—Solway peaches selling, wh., \$1 to \$1.25, retailing \$1.35. Plums pretty nearly done. A few B.C. ripe tomatoes selling, wh. 85c to \$1. Hyslops still in good demand at wh. \$1.40 to \$1.50, retail \$1.60 to \$1.70. B.C. apples have a fair field and Jonathans, Kings, McIntoshes, and Snows are moving steadily into consumption, though at comparatively low prices. The McIntoshes, as always, are proving especially popular. Prices for No. 1's of different varieties range from \$1.40 to \$1.60. McIntoshes, No. 1, are offered retail at \$1.60 to \$1.85. No. 3, standard pack, \$1.30, crate pack, orchard run, \$1.60. Kings, No. 2, special, ret. \$1.45. Wealthys, No. 1, retail, \$1.55. One of the very few American cars due to reach this point will be one of Montana McIntoshes, due about the 20th. Practically all the local wholesalers are pushing B.C. apples—strongly this year, and will not handle many Washington apples. They are also strongly against barrel apples, except Snows, a few cars of which will be handled. Direct sales by the eastern shipper to country point retailers and to local unions of the U.F.A., however, will have to be reckoned with. Potatoes, B.C.'s, wh. \$35, ret. \$1.20. Orders taken for New Brunswick's at \$33 wh.

The Department of Trade and Commerce apple advertising began in the Calgary papers last week, with something more than a quarter page display. As expected, the copy aims to cover B.C. as well as eastern apples under the generic term "Canadian", but the references to "the war in Europe preventing Europe from getting our choicest apples, etc.," are specially applicable to Ontario, and, in Alberta and Saskatchewan, the effect will be almost the same as the direct advertising of eastern apples. The advertising itself, however, is excellent in style, and matter, the distribution of a "Book of 209 Apple Delights" is a splendid idea. In British Columbia, where barrels are scarcely likely to be offered, the campaign will undoubtedly aid sales of B.C. apples. Nevertheless, the effectiveness of advertising is in direct ratio to its specific character, and the advertising of B.C. apples in western box apple territory, and of eastern apples in eastern barrel apple

territory, would undoubtedly give better results all round. The M.C. has wired Ottawa suggesting such a division of territory, B.C. apples to be featured in B.C., Alberta and Saskatchewan, and eastern apples throughout the rest of Canada, four-fifths of the consuming population.

The Dominion Fruit Commissioner furnishes the Associated Press with information as follows, Oct. 9: **NOVA SCOTIA.**—Apples are quoted at \$1 to \$2 per bbl. F.O.B., according to variety. 60,000 bbls. shipped from Halifax last week as compared with 24,000 for same week last year, 43,000 in 1912 and 49,000 in 1911. **QUEBEC.**—Sales made at: Duchesne, \$3.50; Alexander, \$2.50; Wealthies, \$2.75; St. Lawrence, \$3.25. A few sales of Fameuse at \$2.75 per barrel. Apples are shipped principally to the Montreal market. **WESTERN ONTARIO.**—Farmers are storing in their own buildings in some districts. In the lake district, 75% No. 1 apples are being packed, 10% of the apples are going to waste. Prices run \$1.90 to \$2.60. Four cars have been placed in cold storage.

The B.C. Government apple exhibit at the Irrigation Convention this week was a splendid display, and called forth a great deal of enthusiastic appreciation, as did also the Pen-ticton and Kelowna fruit exhibits. The lectures and moving pictures on the B.C. fruit and other industries were also remarkably effective advertising.

J. FORSYTH SMITH,
B. C. Market Commissioner.

"Do you call this a chicken?" demanded the irate diner.
"No, sir," stoically replied the waiter looking at the diner's fair though somewhat elderly companion, with a world of meaning in his watery eyes. The diner pointed to the twisted lump of mystery on the plate and snarled. "I mean this. It's all skin and bones."
"Well, sir," answered the waiter in a soft low voice, "we couldn't roast the feathers as well, sir."

In the smoking-room of a club the talk, as usual, had drifted around to the eternal feminine. The younger men were baiting Crabbleigh, the incurable bachelor.

"Do you think," said one, "that after a girl has been taken to a good show, given chocolates and flowers and treated to a good supper, she ought to have the fellow kiss her good night?"

"I should think he'd done enough for her," growled Crabbleigh.

GEORGE IV of England—and many princes and society leaders since his time have worn

FOWNES GLOVES

But that is the least of the reasons why you should wear them.

If you want a strong, handsome glove, well fitting and properly put together, you will appreciate the material, style and workmanship that have made "FOWNES" supreme for one hundred and thirty-one years.

Sold by good stores everywhere—never under any other name than Fownes.

WHEN you go to the glove counter remember that the best gloves are invariably the most economical. Ask for

FOWNES GLOVES

Finest skins; best colors; precise workmanship—and one hundred and thirty-one years of experience are some of the reasons for Fownes supremacy.

"It Must be BOVRIL!"

So said Sir Ernest Shackleton, when outfitting his Antarctic expedition—and he insisted because he knew its food value.

The body building power of Bovril has been scientifically proven to be from ten to twenty times the amount taken.

As the preachers say, "Let us illustrate."

It requires the Beef of an eight-pound joint to make a four-ounce bottle of BOVRIL

The BOVRIL ESTATES in Australia and the Argentine cover an area of between nine and ten millions of acres, and there are continuously available over 250,000 head of cattle which are used solely for BOVRIL.

We give sizes and prices below:

BOVRIL, 2 ounce size.....45 cents
BOVRIL, 4 ounce size.....80 cents
BOVRIL, 8 ounce size.....\$1.50
BOVRIL, 16 ounce size.....\$2.50

BOVRIL CORDIAL, 20 ounce size .\$.135
BOVRIL CORDIAL, quarter size...35c

VIMBOS (Johnston's Fluid Beef),
16 ounce size.....\$1.25
